Product Code: BDKIT
Barcode: 600284404 9694

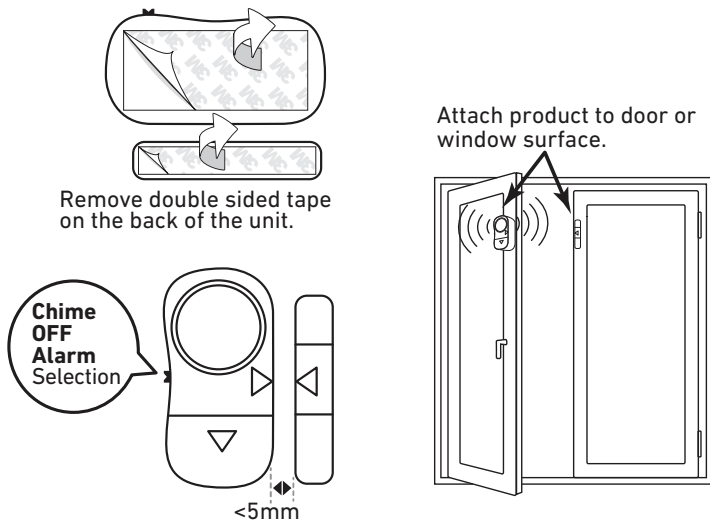

- Vibration alarm for doors & windows.
- Stick the product on a door or window with the double sided self-adhesive tape supplied.
- An alarm will sound when an attempt is made to open the window or door to which the alarm is attached.
- Alarm will sound for 8 to 12 seconds and can be reset or switched off by moving the switch into the off position.
- Low standby current drain extends battery life (<40uA).
- Easy to use on/off switch.
- LR44 Batteries included.

6 Zone Alarm System for Doors / Windows

Ideal for 2 doors & 4 windows. Wireless easy installation.

Typical installation and operation

TECHNICAL INFORMATION

SPECIFICATIONS

Current when disarmed	<3uA Vcc 4.5V
Current when armed	<60mA Vcc 4.5V
Volume	90dB ±2dB at distance of 0.3m
Alarm	25 ±2 seconds

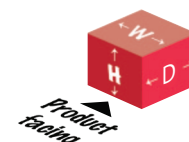

Installation and usage

Remove the double-side adhesive tape covering the back of the magnetic alarm and mount the unit to the inside of a door or window.
Repeat this procedure with the magnetic sensor and apply alongside the alarm.
Ensure that the alarm chime and magnetic unit are not more than 5mm apart when installing them on perpendicular window and door surfaces.
The alarm will sound when the door or window to which the alarm is attached is opened.
When the alarm's tones are no longer audible it is time to change the batteries.

THE KIT CONTAINS

- 2 x Magnetic alarms
- 4 x Vibration Alarms
- (Batteries are included)
