DStv Explora 2 Decoder

The DStv Explora 2 is MultiChoice's newest PVR and replaces the DStv Explora. It has all the features on our DStv Explora that our customers have come to love.

- Quick, easy navigation and search functions.
- Larger selection of content on DStv Catch Up.
- Unlimited series recording.
- More BoxOffice movies.
- View slow motion at four different speeds.
- REPLAY to jump back 10 seconds.
- One button to access DStv Catch Up, Search and DStv Central.

Important! RMIVHDX

1. Any variations to the standard installation are not covered by this voucher. Request a written quote from installer before any additional work is done.
2. If you would like a 2nd viewing environment, you may need to purchase the 2nd Point Standard Definition Installation Voucher (IVSDXP) or the XtraView installation (IVSDXV).

Only valid if installed by an ElSat/MultiChoice qualified Explora installer (level 2 or higher). **Decoder must be activated with MultiChoice within 3 days of installation.**

This voucher is only valid if logged through the ElSat call centre before installation.

Contact the ElSat Installation Service Call Number on **0861-101-099** or log on to **www.ellies.co.za** to validate and schedule your installation. (see warranty for details).

WHAT'S DIFFERENT?

Original DStv Explora

DStv Explora 2

Physical Appearance

Smartcard slot on the front

Smartcard slot on the side
 Model 2A appears on front panel

Which remote control is it packaged with?

A6 Remote with batteries

A7 remote with batteries

Compatible with A5/A6/A7 remotes

Compatible with A5/A6/A7 remotes

Recording Capacity

Up to 220 hours

Up to 110 hours

There are no changes to the amount of content available via DStv Catch Up or BoxOffice

XtraView

Requires heartbeat cable to connect any decoders linked in XtraView.

Requires no heartbeat cable when linked to another DStv Explora 2 in an XtraView installation using a DStv Smart LNB. This results in an easier XtraView installation and setup. Only requires heartbeat cable to older decoders linked in XtraView or when installed without a DStv Smart LNB

Plug

3 pin plug

2 pin plug

USB Ports

4 USB ports

2 USB ports
