

# Motion Sensor Light and Alarm with Remote Control

Product Code: **BDSNL**  
Barcode: 6002844009564

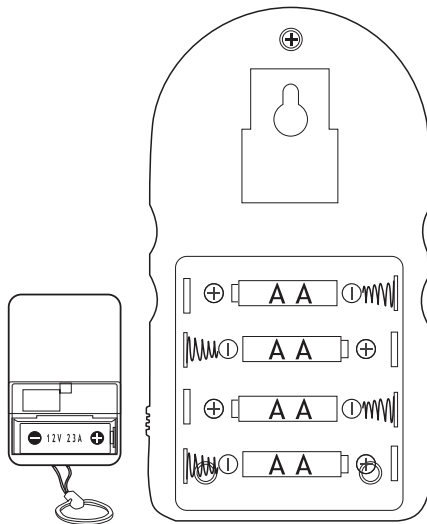

- Infrared motion sensor
- 30m Working distance
- No wiring needed
- Ideal as a security measure
- Improved LED light for more lumen output
- Infrared remote control

## Motion Sensor Light and Alarm

The Ellies Motion Sensor Light is an ideal security measure and a night light for children. Ideal for use in garages, patios, stairwells, sheds and other dark areas. It switches on when motion is detected. The light stays on for 8 - 12 seconds and then switches off automatically.

## TECHNICAL INFORMATION

### Specifications:

#### Sensor Light

Voltage	DC 6V (LR6 / AA x 4)
Amps in standby	≤500uA
Amps Alarm + Light	≤200mA
Amps Light	≤40mA
Alarm volume	>100dB @ 0.5m
Inductive distance	up to 8m
Inductive angle	100°
Height	<1.2m
Arming time	≤20 seconds
Alarm time	≤20 seconds / T
Lower voltage	≤4.5V
LR6 / AA 2350mAh	lasts approx. 6 months

#### Remote Control

Voltage	DC 12V (23A x 1)
Amps in standby	0
Amps working	≤7mA
Working distance	≥30m

## PACKAGE CONTENTS

1 x Motion Sensor Light

## PACKAGING DIMENSIONS

Height (mm)	Depth (mm)	Width (mm)	Weight (kg)
242	54	144	0.16
