Surge Protected 6 Way Multi Plug

This multi-plug has 4 x 3 pin sockets and 2 Euro 2 pin sockets, converts your single plug point into multiple 3 pin and 2 Euro pin plug points and has a 0.4m cord length for an extended reach.

What is a surge

A surge is an abnormal but temporary high voltage on the electrical mains caused by non-direct lightning strikes or from noise possibly produced by the use of heavy duty appliances, heavy duty machinery or large power tools. Don't risk losing your valuable equipment through surges, protect them with the Surge Safe Multi-plug.

TECHNICAL INFORMATION

Specifications:

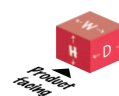

Voltage:	250V
Amps:	16A (230V ~ 16A)
Max. connection load:	3680W
Max. total combined surge current:	16 000A
Max. total combined surge energy:	485 J
Protection component response time:	<255
Cord length:	0.4m Cord
Colour:	White

THE KIT CONTAINS

1 x 6 Way Multi-plug
