With DStv Catch Up, there is never a reason to miss your favourite series, movies or sporting events and you can watch them with your smartphone, tablet or laptop.

If you connect your **DStv Explora to the internet**, you'll discover hundreds of extra Catch up titles which can be **downloaded** straight onto your DStv Explora.

With BoxOffice you can **rent** any of the 20 blockbuster movies from the comfort of your own couch, and keep them for **48 hours**.

The Playlist

With The Playlist you can record up to **220 hours**, the DStv Explora neatly arranges your recording into categories.

We'll even group all your series recordings together,

Smart LNB (Product Code: LNBMX1) included with the RMIVHDX (Fully installed).

Sold separately if buying the RMHDX (Stand alone).

Optional Extra - Sold Separately DStv Wifi Connector

RMHDXW

If your DStv Explora isn't in the same room as your router, or if you want to avoid running a cable from your router to your DStv Explora, you can connect wirelessly using our DStv WiFi Connector.
