

DStv Quad Fibre Termination Unit

Overview

Designed and manufactured for DStv communal systems which make use of the fibre for distribution. FTTH or FTTx systems. 12-month warranty from date of purchase.

Features

- FC Optical Input
- 4 x Universal outputs
- Power supply included

Applications

- For Communal systems over fibre.
- FTTH & FTTx / Hybrid systems

Product Code: COFFTUQDIG

Specifications

Model Number	FTUQuad-1G
Operating Wavelength	1100 – 1650 nm
Satellite Output Frequency	950 – 2150 MHz
Optical input Power	-3 to -12dBm
Satellite Output:	IEC 169-24 female F-type connectors
Fibre Input:	FC/PC single mode fibre connection
Dimensions (mm):	56mm x 212mm x 124mm
