

6 Way Switched Multi-plug with Surge Protection

16A Max. 250V ~

Product Code: FBMS5CS
Barcode: 6002844061012
Product Code: FEMS5CS
Barcode: 6002844032883

- Safety shuttered for your protection
- Overload protected
- Reset button
- Individual ON / OFF switches
- Illuminated power ON indicator
- Conforms to all South African National Standards

6 Way Switched Multi-Plug with Surge Protection

This 6 Way Switched Multi Plug with overload protection has 4 x 3 pin sockets and 2 x 2 pin sockets, converting your single plug point into multiple 3 pin and 2 pin plugs.

What is a surge?

A surge is an abnormal but temporary high voltage on the electrical mains caused by non-direct lightning strikes or from noise possibly produced by the use of heavy duty appliances, heavy duty machinery or large power tools. Don't risk losing your valuable equipment through surges, protect them with the Surge Safe 6 way multi-plug.

TECHNICAL INFORMATION

Specifications:

Voltage:	250V
Amps:	16A (250V)
Max. connected load:	3680W
Max. total combined surge current:	16 000A
Max. total combined surge energy:	485 J
Protection component response time:	<255
Cord length:	0.4m Cord
Colour:	White

THE KIT CONTAINS

1 x 6 Way Multi-plug
